

USTA Roadster Off-Track Series FAQs

- Is there an age limit on the horses?
 - No, however we do not anticipate horses under the age of 3.
- I have an off the track pacer. Can he show?
 - The Roadster specification calls for a jog, road gait and full speed- all done at a trotting gait.
- Is there a requirement to show in a minimum amount of classes prior to showing in this series?
 - No
- If I show this year is there any restriction in entering the class in future years?
 - No
- Do I need racing silks to show in?
 - According to the USEF rules Roadster Silks, cap (or protective headgear, see RD107.4) and jacket to match are required. Protective headgear is recommended.
- What are electronic eligibilities (EEs)?
 - Before a horse can qualify or race at a fair for the first time, electronic eligibilities must be ordered from the U.S. Trotting Association, the breed registry for the Standardbred horse and the record keeping entity for harness racing. EEs allow for a horse to be entered at a racetrack and facilitates the retention of the horse's racing performance.
